EXPERIENCE

ALX Gig-at-a-startup, Remote — *Frontend Developer*

October 2024 - November 2024

Enhancing application functionality through seamless API integration, UI improvements for better user experience, and modern frameworks for responsive, visually appealing interfaces.

DSV Transport and Logistics, Kempton Park — *Admin Assistant*

October 2023 - August 2024

Manage logistics by overseeing shipments, maintaining accurate records, and tracking inventory to ensure efficient transportation and stock management.

Builders DC, Midrand — *Reach Truck Driver*

March 2021 - October 2023

Efficiently operated reach trucks to manage inventory, optimize storage space, and enhance productivity by ensuring timely order fulfillment and a smooth warehouse workflow.

EDUCATION

ALX Africa, Johannesburg — *Professional Foundations Course*

March 2024 - July 2024

Developed essential **leadership, communication, and critical thinking skills**, enhancing workplace readiness and tech industry adaptability.

ALX Africa, Johannesburg — *Software Engineering*

August 2024 - October 2024

Completed the Software Engineering – Front-End Specialization, mastering HTML, CSS, JavaScript, Typescript, React, Vue.js, UI/UX principles and version control to build **responsive, visually engaging, and high-performance web applications**.

SKILLS

– **UI/UX Design**: Skilled in creating **intuitive, user-friendly** interfaces with a focus on **accessibility** and **engagement**.
– **Wireframing & Prototyping**: Experienced with **Figma, Adobe XD**, and other tools for **designing and testing** user flows.
– **User–Centered Design**: Apply principles of **usability, responsiveness, and interactivity** to enhance the user experience.
– **Frontend Development**: Mastered **HTML, CSS, JavaScript**, and frameworks like **React, Vue.js, Angular**, ensuring seamless UI implementation.
– **Design Systems & Consistency**: Implement **component–based design** and styling frameworks like **Bootstrap, Tailwind CSS**, and **Sass** for scalability.
– **Usability Testing & Iteration**: Conduct **A/B testing, feedback analysis**, and continuous improvements to optimize user experience.
